Dear Sir/Madam,

Letter of Recommendation for Kazu Ho

I am writing to you in support of Kazu Ho and his desire to join your programme. I have mentored Kazu and his team during the Tech For Good (T4G) 2022 Innovation Challenge event, for the span of three months. My experience working with Kazu was very good, as he is technically a very strong person and clearly understands what he wanted to achieve. I believed he is capable of developing challenging solutions hence I nominated his team for the Most Resilient Team Award in T4G, which was also supported by the selection committee, subsequently winning the award.

Kazu's communication skills (both written and oral) are very good, and he also worked cohesively as a team with other project members to support and learn from each other. I am certainly confident to recommend Kazu for the admission your programme where he will excel and shine.

Your assistance to Kazu's application would be very much appreciated.

Thank you.

Yours sincerely,

Thinesh Dharan
